

THREE INJURED IN PLUNGE OF AUTO

DALY CITY MEN BROUGHT TO HOSPITAL FOR TREATMENT WHEN AUTO FALLS 25 FEET.

An automobile plunged over a 25-foot embankment and landed on the railroad tracks below Los Olivos avenue in Daly City Sunday morning. J. M. Murphy, who was driving the machine, sustained a fracture of the right leg and lacerations and contusions about the scalp. W. J. McDermott, one of his companions, suffered severe contusions about the entire body. Both men were rushed to the South San Francisco Hospital, where they were treated by Dr. Dolley.

C. Pettigrew, the other member of the party, was treated by Dr. A. H. Rankin for injuries to his left hand. His thumb was amputated and he was bruised about the body.

Murphy was taken to his home at 6949 Mission street, but McDermott, who lives at the same address, is still at the hospital.

BASEBALL SEASON TO OPEN WITH ZIP

SEALS AND CHICAGO CUBS WILL CLASH AT RECREATION PARK APRIL 5.

Here's the treat you baseball fans have long been waiting for. In South San Francisco there are a large number of lovers of the national outdoor sport, and within a very short time these fans will once more be able to make Recreation Park their headquarters for the week-end afternoon. The opening of the local baseball season will take place Saturday, April 5, when on that date the Chicago Cubs, National League flag winners of last season, led by the mighty Grover Cleveland Alexander, the Hun chaser, will take on the Seals at Recreation Park in the first of a series of two games.

On Sunday, the 6th, the two clubs will get together once more, this being the last appearance of the National League champs on the coast.

The Seals will have their full strength on the field for the tussles with the Cubs, while Fred Mitchell will undoubtedly start Alexander in one of the games.

With the increasing of the circuit to eight clubs, there is more interest than ever in baseball this year. The games with the Cubs will top off the preliminary season and pave the way for a grand opening day on Tuesday, April 8. Bill Clymer's Seattle club and the Seals are billed to start it off at Recreation Park on opening day.

The seat sale for the opener has shown that baseball in this city is in for a great revival. The local management has announced that all week day games, Saturdays excepted, will be ladies' days, and the fair sex will be admitted free on these occasions.

A. DEVINE TRANSFERRED TO OAKLAND MEAT CO.

A. Devine, formerly with the Western Meat Company here, has been transferred to the plant of the Oakland Meat and Packing Company, of which he has been made superintendent.

Mr. and Mrs. Devine have moved from their home at 804 Miller avenue to 4802 Lawton avenue, Oakland.

DRIVE SUCCESS

South San Francisco is responding with its usual generosity to the appeal of the Salvation Army for the necessary funds to carry on its home service work. The local Elks, carrying on the drive here, report that \$398 have been donated by the business men to the cause, with some still to be heard from.

With very few exceptions the workers have been welcomed at every point, and David G. Ratto, in charge of the drive in the downtown district, declares that the work of the Salvation Army among the boys in the trenches is bearing fruit in this meritorious appeal for funds.

The committee on the factories has not yet made its final returns, but it is expected that the amounts subscribed will be ample to more than pass the allotment made to this city for collection.

Donations to the work can be made at the bank to Henry Haaker or David Ratto.

NEWCOMERS WILL BE WELCOMED TO CITY

The Chamber of Commerce at its last meeting took cognizance of the condition of some of the streets and alleys and J. G. Walker, secretary, was instructed to address a communication to the City Trustees, requesting some action on the removal of rubbish and a general spring city cleaning.

Dr. F. S. Dolley directed the attention of the Chamber to the fact that several families had left the city because of the failure to secure any recognition socially, and advocated that a committee of citizens be appointed who would make it their business to welcome newcomers to the city and arrange to have some of the ladies make calls on such new residents.

Andrew Hynding, E. C. Peck and Dr. Dolley were appointed by the chair as a committee to report on ways and means of best accomplishing this purpose. The committee was delegated full powers to appoint sub-committees on reception.

SPLIT RAIL CAUSES CONCERN FOR TRAIN

A split rail on the Southern Pacific track near the station caused considerable apprehension for the safety of an oncoming train Thursday afternoon. The train passed safely over the defective track, which was immediately repaired by a section gang.

LADIES' AID SALE.

The Ladies' Aid of the M. E. Church will give their cooked food sale at Carmody's store Saturday, April 5, at 2 p. m.

JAMES DITTON RESIGNS FROM CATTLE LOAN CO.

James H. Ditton has severed his connection with the San Francisco Cattle Loan Company and on April 1 will assume the management of the San Francisco Feeder Company, Berryessa Cattle Company and Noble Sheep Company.

The business of these firms has grown to such proportions that all of Ditton's time is required to direct their affairs.

The office of the companies are in the new Bank building, where Ditton will make his business headquarters.

LIND DIVORCE CASE GIVEN HEARING

MARITAL DIFFERENCES OF LOCAL RETAILER SUBMITTED TO SUPERIOR JUDGE GEO. H. BUCK ON BRIEFS.

The marital differences of Peter Lind, well-known meat merchant, who has conducted a retail shop on Grand avenue for many years, and his wife, Lavina Ruth Lind, were given a hearing by Judge George H. Buck in the Superior Court at Redwood City on Wednesday.

In his complaint Lind charges his wife with adultery, and on the witness stand testified that he found her with another man in a room in a San Francisco apartment house November 16 last. Arthur Meehan, San Bruno constable, testified that he was with Lind at the time and corroborated the husband's story.

When Mrs. Lind, who has filed a cross-complaint charging cruelty, took the stand, she denied that she had been unfaithful to her husband, and testified that Willie Davis, with whom she admitted she had gone to San Francisco on the night of November 15, had been used by the plaintiff to secure evidence against her.

Funge Mentioned.

The name of Don Funge, candidate for Sheriff at the last election, was brought up at the trial when Joseph J. Bullock, attorney for Lind, asked Mrs. Lind if she had seen Funge at Cheatham's Tavern in San Bruno the night that Funge was attacked by a party of motorists from San Francisco last November. Mrs. Lind denied that she had.

The Linds, who were married in 1910, have two children, a boy aged 6 and a girl aged 7. In her cross-complaint the wife asks the custody of the two children and \$150 a month alimony. The case was submitted to Judge Buck on briefs.

Attorney John D. Willard has been retained by Mrs. Lind.

MANLEY HELD TO SUPERIOR COURT

FATHER ACCUSED BY DAUGHTERS MAKES DENIAL OF THE CHARGE.

Charles Manley of San Bruno, accused by his four daughters, following accusations of a most serious nature made against him by his four daughters, two of whom are now married, was given a preliminary hearing before Justice of the Peace Ray Griffin in Redwood City Monday morning.

He was held over to the Superior Court, his bail being fixed at \$2500 cash or \$5000 surety bonds.

Manley denied his guilt, and his denial was upheld by Rose Manley, his wife. They claim the whole affair is a frame-up on the part of the eldest daughter.

PAY YOUR TAXES

According to City Tax Collector Wm. J. Smith there is in excess of \$8000 in taxes still unpaid. These taxes will become delinquent on Monday, April 28, and unless paid before that time a penalty of 5 per cent will be added.

BABY WEEK

The work of the Children's Year Program, instituted by the United States Government will open local headquarters in parlors of the Fraternal Hall on Monday.

Part of the program of the year is a campaign on better birth registration, a more intelligent use of our clean milk law, the establishment of children's health centers and a permanent community public health nurse.

The gathering together of data which will assist in the understanding of the family budget and good health in the State and the "back to the school" drive will also be incorporated as part of the work.

All children under 6 years of age should be examined and registered. This work will be done free by the local physicians at Fraternal Hall each day from 10 to 12 in the morning and 3 to 5 in the afternoon.

The registration in South San Francisco fell far below the average last year, and every parent is urged to respond to the desire of the government that all children under 6 years of age be registered, weighed and measured.

MRS. PECK WILL AGAIN

DIRECT LIBERTY LOAN

Mrs. E. C. Peck has again been appointed by Mrs. John McGinn, chairman of women's war activities of San Mateo county, to direct the Fifth Liberty Loan drive among the women of South San Francisco.

Recognition of the efficient work done in the past by the district chairmen will be given at the close of the Fifth Liberty Loan, when they will be presented with medals fashioned from German war crosses, which they will retain as souvenirs.

The untiring work of the local women under Mrs. Peck's direction contributed materially to the success of past Liberty loans, and their work in the final drive is expected to place South San Francisco in its usual high place among the cities of the county.

EKSTROM LEAVES FOR AN EXTENDED TRIP

E. G. Ekstrom, former manager of the Schaw-Batcher shipyard, accompanied by his seven-year-old daughter, Gladys, left on Sunday night for a three months' trip. Ekstrom will visit Seattle, Minneapolis, Chicago and New York en route, leaving the latter city April 12 for his home in Sweden, where his mother still lives.

W. J. MARTIN SHOWS FACTORY SITES TO MANUFACTURERS

W. J. Martin piloted a party of interested prospects through the factory district on Monday last. Available factory sites were inspected by the visitors, who expressed themselves as being much impressed with the advantages of South San Francisco as land for heavy manufacturing.

HOME COMING OF BOYS IN RUSSIA UNCERTAIN

New developments in the European situation, particularly the sweep of Bolshevism through Russia, make uncertain the home coming of a number of local boys who are stationed with the American Expeditionary Forces in Siberia, among whom are Lieutenant David G. Martin, Sam Curusis and others serving with the Thirty-first.

COFFEE PARLOR RAIDED BY POLICE

TWO PROPRIETORS AND FOUR INMATES FOUND PLAYING CARDS AT 2 A. M.

The Greek Coffee Parlor at 110 Grand avenue was raided at 2 a. m. Monday morning by Chief of Police Conrad, Costable James Wallace and Officer McGraw. The two proprietors and four inmates of the place, who were found playing cards, were arrested and brought to the City Hall. Recorder Dowd was called from bed to arraign the men. The proprietors were each placed under \$50 cash bonds and the four inmates were each held in \$10 bonds.

The men appeared before Recorder Dowd for trial on Tuesday night. Upon the testimony of the officers who conducted the raid they were found guilty and the full amount of their cash bail retained by Recorder Dowd as fines.

LOCAL DELEGATION AT Y. M. C. A. LUNCHEON

SOUTH SAN FRANCISCO WELL REPRESENTED AT RECEPTION TO CHARLES TOWSON.

A representative delegation of South San Francisco men attended the luncheon at the Palace Hotel on Thursday given in honor of Charles R. Towson of New York.

Towson, who is the national industrial secretary of the Young Men's Christian Association, is recognized as the outstanding leader of the nation in betterment work in industry.

In an interesting address, Towson laid particular stress on the necessity for the heads of industries coming to a closer understanding and friendship with industrial workers. "More wages, shorter hours and the square deal do not fill the requirements of the worker. The men want recognition and are entitled to it," he said.

Speaking of the threatened Bolshevik movement in the United States the speaker emphatically declared that there were many more conservative workers than radicals—"only don't make as much noise." "The heart of the worker beats close to his employer, and the heart of the employee beats closer to the worker than many of us understand," Towson continued.

State Secretary Puehler complimented South San Francisco on the showing made at the luncheon by having the largest delegation. Those present from this city were: E. H. Edwards, president of the Manufacturers' Association; D. E. Curley, executive secretary of the association; G. W. Holston, chairman of the Board of Trustees; J. G. Walker, secretary of the Chamber of Commerce; P. P. Thompson of the Pacific Coast Steel Mill; E. W. Florence of the Pacific Gas and Electric Company; Sam G. Weil, publicity manager of the Schaw-Batcher Company.

Arrangements were made to have several secretaries of the Young Men's Christian Association commence work in the South San Francisco industries. Competitive games and other forms of amusement will be introduced among the factory employees.

BRAVE WOMAN SPY LOSES HER LIFE

Fearless American Girl Is Caught
and Executed in Aus-
tria.

PERFORMED HER TASK

Rosa Litzenauer One of Band of Five
Which Wrecked Teuton Food Sup-
plies by Distributing Spuri-
ous Checks.

Paris.—One of the most dramatic chapters of American war spy activity, a coup whereby the German-Austrian food stocks were nearly wrecked last winter by almost 2,000,000 spurious bread tickets circulated in the central powers, has been disclosed in Paris. The plot cost the lives of two American patriots, one a girl.

Distributed Bread Tickets.

Early in January, 1918, five American spies, including Rosa Litzenauer, formerly an obscure music teacher of Milwaukee, Wis., crossed the frontiers of Germany from Holland and Switzerland. The spies carried counterfeit bread tickets, printed in Washington.

Working with confederates among corruptible food administration officials in Dresden, Munich, Frankfurt, Berlin, Prague and Vienna, the Americans succeeded in distributing more than 1,000,000 bread tickets.

Again in April a second attempt was made through the same channels and more than 800,000 tickets were distrib-

Shot at Prague.

uted before the German secret service, seeking the cause of the unprecedented decrease in the supply of bread, discovered the trail of the Americans.

Tried to Escape.

Realizing their usefulness had ended, the Americans made an effort to escape. Three of them managed to reach neutral countries, but Rosa and a male companion were caught. Both were tried as spies, condemned and shot at Prague.

Rosa died not knowing that she had helped to create more havoc among the German and Austrian forces than a division of American troops could have caused, for the flood of nearly 2,000,000 spurious tickets, circulated during five months, so depleted the bread stocks that the food administrations of the central powers were forced to reduce even the army supplies.

TOOK HAT; COST HIM \$500

Express Messenger's Vanity Gets
Away With Him and Proves
Rather Expensive.

Kansas City, Mo.—The hat appealed strongly to Donald Rowbotham, an express messenger. He took it from a packing case in his car and wore it to his home in St. Joseph, Mo., at the end of his run last August.

Rowbotham paid \$500 for the hat in federal court here and said he considered it a bargain at that price. Judge Van Valkenburg, before whom the case was heard, might have given him a \$5,000 fine and ten years in the penitentiary. The express messenger, who is of a prominent St. Joseph family, pleaded guilty in federal court to the act.

COUNTY POLICE NAB CLEVER TIRE THIEF

CHAUFFEUR TAKEN IN TOLL BY
VIGILANT OFFICERS OF PENIN-
SULA.

Through the clever work of Marshal Claude M. Hirschey of Hillsborough, assisted by Chief of Police L. A. Cavalier of Burlingame, Walter Huston, formerly employed as a chauffeur by J. Cheever Cowdin, was arrested in San Francisco Wednesday afternoon and charged with the theft of automobile tires worth about \$500 from the Burlingame Country Club last Saturday night. Huston has made a complete confession and will be brought to San Mateo county to face a charge of grand larceny.

Wealthy Men Victims

Two of the stolen tires were taken from the automobile of Francis J. Carolan and the other two were stolen from a car owned by William C. Duncan. All the tires were inflated and mounted on rims.

When the thefts were reported Hirschey obtained his only clue from the chauffeur employed by Henry T. Scott, who said he had seen a mysterious Lozier automobile leaving the Country Club grounds about the time the tires were stolen. Acting on this clue, Hirschey told the chauffeurs to be on the lookout for any Lozier automobiles they might run across in San Francisco or elsewhere. Wednesday morning one of the Hillsborough chauffeurs telephoned to Hirschey from San Francisco that he had seen a Lozier car resembling the one seen at the Country Club and had taken the number. He gave the number to Hirschey, and inquiry at the registration office at the Ferry building showed that the car belonged to "J. Hinkle."

NURSE'S NOTE SHOWS THE GRIT THAT WON WAR

Sorely Wounded Soldier Sees
the Job Through.

Carter Glass, secretary of the treasury, copied the following note, among others, from the note book of a Red Cross nurse when he was in France:

"One boy I shall always remember. His right shoulder was practically all shot away and he had a big wound in his back and one in his left eye. But he sat straight up and wouldn't let anybody help him. He didn't say a word while they pulled off the tight clinging gauze from the red, raw, wet flesh that quivered in spite of him. When the first wound was finished all he said was: 'Do you think I could rest a minute, Doc, before you do the second one?'"

"Red, raw, wet flesh"—American flesh. It was not yellow. Think of that when you are asked to buy of the Victory Liberty Loan, ye who think ye have done enough.

WHOSE WAR WAS IT?

Was it Smith, the banker's war or Jones, the truckman's war? Was it Labor's war or was it Capital's war? Was it Autoocracy's war or was it Liberty's war? Whose war was it?

Figure it out. Then sacrifice everything and subscribe to the Victory Liberty Loan. For it was The People's War.

It isn't paid for. It must be paid for. The Victory Liberty Loan will pay for it. The people must buy because it was their war. The people are Smith and Jones, Labor and Capital.

If it wasn't the People's war, it wasn't anybody's war. So don't say "let the banks do it." It was not the bank's war. You might as well say it was Jones' war—let Jones buy the Victory Loan. He would have as much chance to subscribe five or six billion as Smith would.

The man who says "let the banks do it," is yellow. There are about 1,000,000 American lads over in Europe who are sticking it through. They are not saying let somebody else do it. It's the last loan. Play square.

PERSHING PINS HERO MEDAL ON CHINESE YOUTH

Sing Kee Sticks to His Post
Under Heavy Fire.

Here is a text book on Americanism written in Chinese character and translated for use on the day next month when a Liberty Loan salesman tackles you to do your duty. It is an official American communique:

"Pvt. Sing Kee, Infantry. Chung Kee, father, 604 North Fourth street, San Jose, Calif. For extraordinary heroism in action at Mont Notre Dame, west of Fismes, France, August 14, 15, 1918. Pvt. Kee, although seriously gassed during shelling by high explosive and gas shells, refused to be evacuated, and continued, practically single-handed, by his own initiative to operate the regimental message center relay station at Mont Notre Dame. Throughout the critical period Pvt. Kee showed extraordinary heroism, high courage, and persistent devotion to duty and totally disregarded all personal danger. By his determination he materially aided his regimental commander in communicating with the front line."

Sing Kee wears the Distinguished Service Medal of the United States of America.

Sing Kee is for America—for her enough to lay down his life. Are you for America? Are you as good a man as Sing Kee?

BOLSHEVISM—ITS CURE

President Wilson has asked for food to stop the wave of Bolshevism rolling westward out of Russia. No intelligent person doubts the value of food as a first aid, but at bottom the security of our institutions rests upon the working interest the people take in those institutions.

Citizens having no interest in a government, no economic interest in the success of that government, are apt to be the first victims of vicious propaganda or unbalanced political theorists. On the other hand men and women who have invested in their government either by way of conducting private enterprise under its protection or through direct purchase of government securities have something at stake and desire to maintain stable institutions. Such persons are not necessarily reactionists. They may be quite progressive and anxious for reform where reform is needed.

Consequently the effective barrier to Bolshevism in America today is thrift and investment. The philosophy must reach into the workshops of the nation. It is reaching into those workshops and into the schoolhouses of the nation in the form of the Thrift Stamp and the War Savings Stamp, interest paying engagements of the United States government which can be bought for as low as 25 cents.

When everybody in America is buying Thrift and War Savings Stamps as a habit, one won't hear much about the I. W. W. in America.

It is the financial and patriotic duty of every American who loves real liberty to get the Thrift Stamp habit NOW.

Work and save. Invest in war savings. Hold your securities. Do not surrender your War Savings Stamps or Liberty Bonds conditionally or unconditionally.

"The scope of thrift is limitless."—Thomas A. Edison.

The war will not be over until the United States government has honorably met every commitment made in order to win the war.—Carter Glass, Secretary of the Treasury.

POOR FINANCE TO LET BANKS TAKE V. LOAN

By M. S. Wildman, Head of the
Department of Economics and
Political Science at Stanford
University, California.

Just about two years ago we began to make war and stopped making a lot of other things or made these other things only in limited supply. Railway construction came to a dead stop. Equipment was worn out faster than it was replaced. All over the country building operations were suspended. In the North Atlantic states alone the deficiency in building is estimated by the Department of Labor to exceed \$500,000,000. If the situation all over the country is comparable to this, the accumulated need for construction now exceeds two billion dollars. Through a wide range of manufactures from automobiles to chewing gum curtailment was the order of the day until now we face a deficiency in numberless commodities of customary use.

The emergency which led to curtailment is happily past. The interest of all classes of people requires the quickest possible resumption of normal activity. Consumers want the goods, returning soldiers need the employment. The heavy war taxes call for correspondingly large production, while European reconstruction will open the way for exports.

This resumption of enterprise, if we embark upon it as we should, will require bank loans on a tremendous scale. The high wages and high cost of materials will necessitate advances proportionately greater than in the past. To be available for this purpose, the funds of the banks must not be absorbed by government requirements. The necessity for a wide public participation in the Victory Liberty loan is even greater than it was in the case of earlier loans when curtailment of industry diminished the needs of private business.

If the banks are compelled to carry the government, they cannot at the same time carry their customers. For every billion dollars worth of bonds left on the hands of the banks there will be just a billion less for the revival of industry and the employment of labor.

It is to the personal interest of every man and woman in America to subscribe to the Victory Liberty loan out of his or her savings.

"The woman who can save money wins masculine respect and feminine envy."—Mrs. Carey.

HOUSEBREAKER IDENTIFIED AS FORMER CONVICT

Identified through San Francisco police records as a former convict and parole breaker, Leland Arnold, 23 years old, confessed Wednesday afternoon that he was the man who on Tuesday afternoon entered the home of Earl McLean in the Easton district of Burlingame, held up Mrs. McLean at the point of a gun and was captured by Policeman Ed Oliphant after an exciting chase up the State highway. The confession was made to Chief of Police Lewis A. Cavalier of Burlingame and Marshal Claude M. Hirschey of Hillsborough, who took the prisoner up to San Francisco for the purpose of identification.

Arnold also admitted entering and robbing the M. Ottesgard home at Broadway and Capuchino avenue in the Easton district on Monday, the day before the McLean holdup. He told the police that these are the only two crimes he committed in that vicinity and denied having had anything to do with other robberies in that section recently.

GOVERNOR ASKS HELP FOR SALVATION ARMY

OFFICIAL SANCTION GIVEN FOR
DRIVE FOR FUNDS CONDUCTED
BY B. P. O. ELKS.

Governor William D. Stephens has issued a proclamation urging the people of California to help the Salvation Army in its campaign for funds during the week of March 24 to 31. Governor Stephens alludes to the splendid work the Salvation Army has done for the soldiers in France and its untiring efforts to relieve suffering and distress in this State. He gives the campaign his official sanction and urges liberality on the part of the people in giving toward this worthy organization.

One of the first gifts received at Salvation Army headquarters in San Francisco in the drive for funds for home service work came through the mails from a working girl. She sent a tiny gold watch, a wedding ring, two other gold rings, a bracelet and a souvenir coin. She said it was all she could give, but it came from her heart. There was no name signed. In the next mail came checks amounting to \$14,000.

WAR DECLARED ON ONE-ARMED DRIVING

Kissing and hugging on the State highway has got to stop at once.

That is the dictum of Constable S. A. Landini of Daly City. Not that the "constituble" has a grouse against Cupid, but he declares that "one-armed" drivers are the cause of most of the accidents on the highway in the north end. So he is on the war-path, and predicts some startling arrests. He said:

"I've repeatedly asked the traffic officers to put a stop to this practice of spooning at the rate for forty miles an hour. It's enough to make a man's hair stand on end to watch 'em come through here, one hand on the wheel, the other around the girl, and both feet stepping on the gas."

"It's too dangerous a thing to do on a crowded highway, and as long as the traffic officers don't stop it, I'm going to do a little crusading of my own. I have an idea that the publication of some of the names of the arrested parties will put a stop to one-armed driving in Daly City and Colma, at least."

Banking To-Day

There is one industry which is carrying on its work quietly and without show, but which is to-day standing behind our rapid agricultural development and improvement of flock and herds.

The banking industry is showing the farmer the advantage of modern methods in farming and thoroughbred livestock.

The banks are backing their advice with their money in helping the farmer get his blooded sheep, hogs, cows, bulls, etc.

Banking is developing into something more than mere money loaning, it is becoming a personal service institution with a great fund of information and advice which it is prepared to furnish its customers, as well as money.

Mister Common Citizen

Secretary Glass has asked President Wilson to set aside three million dollars to cover continued cost of war risk insurance for a few months until Congress can meet.

This money will be taken from the war emergency fund because Congress failed to appropriate money to carry on the insurance of returning soldiers and sailors after the war.

It is estimated that to continue the war risk insurance as is proposed by advocates of government insurance will cost from three to five millions monthly of general taxes.

It is time Mr. Common Citizen were awakening to the fact that increased rates under government operation of telephones and telegraphs, railroads and ships is not the end.

The inevitable deficits created by increased expenses caused by extravagant political management must all finally be met by increased taxes which fall on all the people.

General insurance by the government or state is simply adding to the list of tax burdens and killing private enterprise.

Sugar and Prohibition

The prohibition mandate will make it compulsory for every one to use some other form of stimulation than alcohol.

Statistics show that candy has always replaced alcoholic beverages in those sections which have "gone dry," and the consumption has gone up in leaps and bounds.

Sugar is one of the most easily digested foods. It produces heat—1810 calories per pound. Heat is a form of energy.

Sugar, tea, coffee, candy and non-alcoholic drinks will be the most popular stimulants when prohibition is in force. But the basic stimulant will be the sugar they contain and any product which contains sugar will be popular.

Western farmers will have wonderful opportunity to develop sugar-beet growing.

"Button, button, who's got the button?" We learn that few buttons have been made here since the United States entered the war and that the supply is almost exhausted. Be careful of buttons, unless you wish the time to come when you will be obliged to pin your clothes together.

The doughboy who comes home from France expecting to be married at once will have nervous prostration when he buys his first American newspaper and reads in the advertisements, "Women's spring suits, \$45; women's oxfords, \$12.50," to say nothing of the produce and market reports.

The congressional committee which drafted the revenue law evidently had no kids of their own and no sympathy with other people's kids. They laid a tax upon athletic goods without regard to the fact that 75 per cent of baseball bats, catchers' masks and mitts and athletic goods of every description are bought by boys under 18.

When your son comes home from the army, don't on any account offer him corned beef. Presumably he will be grateful for it, but you won't in the least like the form his gratitude takes.

It is understood that to "watch the clock" is a bad habit. But we have not observed that the public displays any reluctance to watch the clocks on the fashionable hosiery.

Repeat to yourself twenty consecutive times, "The good man loves to pay his income tax." The effect may possibly be to place you in a more resigned frame of mind.

Senator Sherman looks like a peaceful and kindly gentleman. Who would have thought that he had a filibuster up his sleeve?

"By their fruits ye shall know them." Lack of fuel, starvation, pestilence and terror mark the Bolshevik rule in Russia.

We wonder from what corner of the land or seas the marines' "Ee-Yah" yell will next be heard.

If you have a job that will fix up a returning soldier or sailor, don't feel bashful about saying so.

It is time for a nice new spring hat with a nice gay spring countenance under it.

DR. AURELIA REINHART SUMS UP COUNTY WORK

(Contributed by the San Mateo County Conference of Social Agencies.)

Dr. Aurelia Reinhart, in her lecture given last week in the Casserly home in Hillsborough, under the auspices of the San Mateo County Conference of Social Agencies, told in a clear and concise manner of the great need for welfare work in the country to-day. Quoting from the statistics recently compiled by the War Department of the results of the selective service work in the United States during the war, Dr. Reinhart showed that 30 per cent of the young men of the country were found to be unfit for general military service on account of physical defects which, in the majority of cases, could have been prevented by proper care and attention. In addition to this appalling showing, an extraordinarily large percentage of the registrants were found to be unable to read and write. (In San Mateo county, alone, 30 per cent of the registrants were unable to read, write or even speak the English language.) Dr. Reinhart showed how the social workers of the country were striving to remedy this condition and were meeting with remarkable success. She particularly appealed to the workers to co-operate with each other, assuring them that there was plenty of work for them all and that the need of their work would never cease until, in the words of Kipling, "We are rid of the dirt, clear of the mess and learn to do things, more or less." Dr. Reinhart, however, did not feel very optimistic about an early attainment of that condition, which she considers about as near the millennium as the world will ever get.

In the course of her lecture, she made a particularly timely plea for the recognition by the county and city governments of all the agencies which are doing real social welfare work. She scorned the theory of those who believe that the state, county and municipal governments are capable of properly handling all the welfare work which is needed, and extended her sympathies to "those poor overworked and underappreciated men known as county supervisors," who despite their eternal striving could never satisfy all their constituents, and deplored the fact that in addition to all their important work of managing the county affairs and building the county's roads, they had been further burdened with the responsibility of caring for the poor.

Dr. Reinhart particularly appealed to the welfare workers and county officials not to regard each other as rivals and work in opposition, but rather to follow the advice of Perget, the brilliant young thinker for whom France is mourning to-day, who ap-

ATTENTION, GIRLS, YOU MAY BE A STAR

PARAMOUNT PICTURE PRODUCER
IS SEEKING TYPES; EXPERIENCE NOT ESSENTIAL.

Always doing something different, continually employing new ideas and looking for just what "the other fellow" forgot, John Emerson, director-producer, and Anita Loos, his co-partner in production of Paramount pictures, last week struck a new chord, with a startling advertisement. Here's the ad:

Wanted—A blonde-haired girl with a pretty face, fine skin texture, slight in stature, graceful in walk, pleasing in appearance, perfectly capable of wearing good clothing (which will be supplied), thin ankles and small feet, long, delicate fingers; 5 feet 1 inch or less in height; to be starred in next picture. Applicants need not be experienced, but their mentality and aptitude must prove worthy of picture star.

Nobody without BRAINS need apply.
Emerson & Loos.

Mr. Emerson and Miss Loos, who have been responsible for many new "finds" this season, notably Ernest Truex, Clairette Anthony, the Belgian artist, and others, are looking for just what their request says. "We want a player with brains, aptitude and moderate good looks," said Mr. Emerson. "We don't want a Pickford type, a Clark type, a Bennett type, or a Mason type; we want a new type, and we'll make a star of her. All she needs, as we say, is brains, not that everlasting experience, which they all so consistently harp upon."

"That's all most of them say they have—experience. Every one you talk to, hear of, phone to, says 'I've had experience in this or that company,' or that she has 'played with this or that star (and always as leading support). Experience? Why, I've known of bankers with 'experience' who have swindled widows and or-

pealed to doctors who are called in consultation not to regard each other as rivals seeking for a personal triumph, but as friends who sought to work together and save the life of the sick person whom they were called in to attend. Dr. Reinhart very aptly compared the county officials and social workers to the two physicians of Perget's story, and the needy of the county to the sick person who needed their care and said that the sooner that co-operation was established, the sooner would "we get rid of the dirt, clear of the mess and begin to do things—more or less."

phans; attorneys with 'experience,' who have never practiced; accountants with 'experience,' who can't balance books.

"And then you ask why I insist upon the specific qualifications of aptitude and brains.

"I have been an actor, yet I have seen but one Macbeth; I have been a writer, yet I know of but one Moliere; I have been part of many audiences, yet I never read of but one Winter; I have seen thousands of motion picture players, yet there is but one Fairbanks.

"These 'experienced' people are failures. The screen wants a new type of star, just the same as it wanted a new type of comedy production a year ago. This new type must have aptitude instead of experience, and with that, we'll do the rest. From now on I am going to be on the look-out for new types. It makes all the difference in the world if a person has a square or a round head, if he is high-browed or low-browed, thin-lipped or thick-lipped, square-shouldered or round-shouldered, hair blonde or dark, eyes blue or brown, lashes long or short. Character analysts have proved that, and the millions of motion picture lovers are becoming so discriminating and analytical that the directors and producers of the future will, of necessity, have to pick their types in a very different manner than in the past.

CHURCH NOTICE.

At the regular services of St. Paul's Methodist Episcopal Church, Sunday, March 30, the pastor will preach on the following themes:

11 a. m., "The Modern Meaning of Church Membership."

7:30 p. m., "The Sin That God Will Not Forgive."

Bible school at 10 a. m. Lesson subject, "God's Hand in a Nation's Life."

Epworth League at 6:30 p. m. Topic for discussion, "The Practice of Kindness." Leader, Robert Baldwin.

Prayer meeting on Wednesday evening at 7:30. Subject, "Unanswered Prayer."

You are cordially invited to attend these services.

"I don't want to know past records any longer, for it appears that records are so often meaningless where there has been no opportunity for ascertaining special aptitudes.

"There is no doubt in my mind that when I find the girl who fits my request, I will have found one with character and aptitude. I want both. Character to me means brains and coupled with aptitude in this case will spell STAR in capital letters. Star in this business means real money, fame, publicity, fortune, clothes, happiness, e-v-e-r-y-t-h-i-n-g."

HIGH SCHOOL NOTES

(By Raymond Spangler.)

The sophomores called off their trip to Sutro Baths for Saturday and went with the juniors Tuesday after school. The seniors were not invited. The juniors figured that they have been having altogether too good a time. Mr. and Mrs. A. P. Scott, with Mrs. J. Eikrenkott, Mrs. T. C. Doak and Miss Viola Hein arrived shortly after the party had begun. The sophomore boys all left before the rest of the bunch to go to a show downtown. The swimmers had a fine time. After the swim they went down to a "ham and" joint, had dinner and more fun than a circus. They got home about midnight.

The hike, which has been planned for a long time, is to be to Crystal Lake. It was planned for the coming Saturday, but postponed for one week for the convenience of several students who could not otherwise go.

The Atalanta Club trimmed the High School team, 22-15, last Wednesday.

The war department has 2700 tons of poison gas on hand. It is beginning to be more and more evident that Germany quit just in time.

Frank Fusco is being sued by Joseph Grimes, a plumber of San Mateo, for \$200, which Grimes claims is due him for material and labor he furnished for the construction of the Ship Hotel, of which Fusco is proprietor.

The case will be heard by Justice of the Peace William J. Smith.

MOOSE INITIATION APRIL 3 LOOKS LIKE A BIG NIGHT

"It's going to be some entertainment," is the way that recently elected Dictator Charles Schurk summed up the plans made for the installation of officers and class initiation, which will be held by the Loyal Order of Moose at its lodge rooms in Fraternal Hall on Thursday evening, April 3. Boxing, vaudeville, music, mirth, song and supper are some of the items scheduled.

A large attendance is looked for, as the lodge within the past year has added more than on hundred to its membership roll.

Twelve were initiated at the meeting held on Thursday last, when local talent offered some worth-while entertainment to their brother members.

LONGEST IN FACE OF GERMAN ENEMY

RAINBOW DIVISION 260 DAYS IN CONTACT WITH HUN FORCES, SAYS ARTICLE.

Word has been received here by Romeo Fontana from his brother, O. Fontana, who is serving with the 167th U. S. Infantry, the "Rainbow Division," in France.

Accompanying the letter was a unique paper published "by and for the 167th U. S. Infantry," on February 22, in which an interesting news article appears stating that the Rainbow Division has served the longest in the face of the enemy, and from which the following is culled:

"10—This is the 260th day the 42nd Division has been in contact with the enemy since February 20, 1918. During the service of the Division in Champagne last July, TEN SUMMARIES OF INTELLIGENCE were issued without numbers, and as at all other times there has been one SUMMARY for each day in which we were engaged, this brings the present total to 260.

"Beginning last February in Lorraine, the 42nd Division took over from the French the first full sector ever held by an American division, and since then has only once been taken out of the line for the purpose of rest. After spending a few days in the Boumont "area and initiating a training program, the division was suddenly moved through Toul to take part in the St. Mihiel operation and since then has never been further from the front than close reserve, except to pass from one point in the line to another.

"The 42nd Division has spent more consecutive days in touch with the enemy and a greater total of time engaged with the enemy than any other division of the American Expeditionary Forces, and is proud of having faced and outfought the choicest units of the whole German army."

Ann Pennington in "Sunshine Nan" Tuesday's Feature at Royal Theatre

At the Royal Theatre on Tuesday, April 1, dainty Ann Pennington, the well-known danseuse of the Ziegfeld Follies, "Miss 1917" and others, will appear in her latest Paramount photoplay, "Sunshine Nan." This is an adaptation of Alice Hegan Rice's "Calvary Alley." As will be remembered, Alice Hegan Rice is the author of "Mrs. Wiggs of the Cabbage Patch," "Lovey Mary," "Mr. Opp," and others. The cast of "Sunshine Nan" is especially good, including young Richard Barthelmess, recently leading man for Marguerite Clark in the "Bab" pictures, "The Seven Swans" and others; John Hines, Helen Tracey and Charles Eldridge.

KILLED BY EXPLOSION.

T. Hoke, a Japanese laundry worker, was killed, and Frank Oheeda, another Japanese, was badly injured when a boiler exploded in the Yokohama Laundry in San Mateo last Friday night. The explosion wrecked the laundry and an adjoining building and damaged residences for a block around.

INJURED BY AUTO.

Miss Beatrice Merrill of San Francisco is at the Red Cross Hospital in San Mateo, suffering from injuries received when a motorcycle she was riding with Alfred Katz, also of San Francisco, was run into on the State highway at Beresford by an automobile driven by H. Ridges, who is connected with the Jersey Farm Dairy at the latter place.

Katz appeared Monday before Justice of the Peace Ray Griffin in Redwood City and swore out a complaint against Ridges, charging the latter with violation of the State motor vehicle act in that he failed to stop and render assistance after the accident.

DENIES REPORT.

A report published in a San Francisco paper Tuesday morning stating that Mrs. Milton Pray, society matron of Burlingame, has received a threatening letter two days before the explosion that killed Mrs. George D. Greenwood in Oakland, was positively denied by Mrs. Pray.

HITS GIRL; DRIVES ON

A warrant for the arrest of Hugh Ridges of the Jersey Farm Dairy at Beresford on a charge of failing to stop after an automobile collision was issued by Justice of the Peace Ray Griffin of Redwood City Monday, upon complaint of A. Katz of 3633 Clay street, San Francisco. According to Katz, there was a collision on the State highway near Beresford on Sunday between Ridges' delivery car and a motorcycle on which Katz and Miss Beatrice Merrill of San Francisco were riding.

SWEET IN NAME ONLY.

On complaint of George Washington Jr. of Visitation Valley, Justice of the Peace Ray Griffin of Redwood City on Saturday issued warrants for the arrest of Mr. and Mrs. George B. Sweet and their son, Capp Sweet, all of Visitation Valley, on charges of disturbing the peace. According to Washington, on St. Patrick's Day father and son Sweet backed him up against a tree and threatened him with assault while Mrs. Sweet stood by with a rifle and threatened to shoot him unless her husband and son gave him a sound beating.

SURPRISE PARTY GIVEN AT HOME OF MRS. C. MYERS

A surprise party was given Tuesday evening at the home of Mrs. C. Myers in Burlingame. Among the guests present were Mr. and Mrs. J. W. Holly and daughter, Bessie, Mr. and Mrs. Paul Lloyd, Lita Lloyd, Mr. and Mrs. Emerick, Edith Emerick, Mr. and Mrs. Clarburg, Ruth Clarburg, Carlotta Clarburg, Mrs. Turney, Arthur Johnson, Mrs. Nolds, Mrs. P. D. Broner, Edith Broner, Edna Broner and Mr. and Mrs. Tatum. The evening was spent in playing games and dancing followed. A most enjoyable time was had by all present.

REDWOOD MAN ARRESTED.

Lepo Feliz, a plasterer of Redwood City, was arrested Saturday by Constable Martin Walsh after J. W. Conkle had sworn to a complaint charging him with disturbing the peace. According to Conkle, Feliz tore down a portion of his fence and then challenged him to fight, the challenge being accepted with bad results to Feliz. Conkle then swore to the complaint. Feliz was released on his own recognizance and will appear before Justice of the Peace Ray Griffin for trial.

HEALER GETS JUDGMENT.

Mrs. Stella Olsen, also known as Madame Dumont and Madame Gabrielle, a clairvoyant and "spirit healer," who lived in Burlingame several years ago but has been residing recently in Oakland, was given judgment for \$500 in Judge Troutt's court in San Francisco against H. Coleman and B. Holland, furniture dealers of San Francisco, on a charge of malicious prosecution. She sued for \$25,000 damages.

BREWERY AGENT SUED FOR BEER BOXES AND BOTTLES

The Old Lager Brewing Company of San Francisco has brought suit in the Superior Court against A. Baradat, San Mateo brewery agent, to recover the sum of \$1557.60, which the plaintiff claims is due for boxes and bottles delivered to Baradat at various times within the past two years and which he failed to return.

CALIFORNIA CATTLEMEN

WILL MEET APRIL 8-9

Conservatively estimated the value of cattle and land appurtenant to their use in California aggregates \$350,000,000. The problems attaching to an industry of this magnitude need constant attention. Particularly is this true of the marketing situation, which will have first place in the deliberations of the Cattlemen of California at their third convention, to be held at the University Farm, Davis, on April 8 and 9.

The attendance promises to be very large and representative of every section of the State. All cattlemen are welcome to attend, irrespective of their affiliation with any cattlemen's organization.

The program includes the names of speakers who should bring messages of value to every one interested in any branch of the cattle industry. Methods of distribution, marketing conditions and other subjects will come up for discussion. There will be several sales of fancy high-bred cattle during the progress of the convention.

Meeks, Daly City; William J. Mulcahy, San Mateo; Francis T. Rapp, San Mateo; E. E. Sittel, San Mateo; John F. Davis, Burlingame; John E. Carlson, San Mateo; John J. Cashel, Palo Alto.

FAMILY ANNOYED BY

SIMILARITY OF NAMES

Mr. and Mrs. Thomas H. Price of Cabrillo avenue, Burlingame, have asked the press to announce that their son, Herbert Price, is not the Herbert Price whose name was involved in the theft of three turkeys by a party of three boys from Mrs. M. De Vries of the San Mateo Homestead. The similarity of names caused the Prices to be greatly perturbed.

TWO MEN ARRAIGNED IN COURT ON SERIOUS CHARGE

Two men charged with crimes against nature were before Judge Buck Wednesday. Walter Waite, charged with mistreating Harold Calkins, 9 years old, on February 5, 1918, and held to answer by Justice of the Peace W. J. Smith of South San Francisco, was arraigned and next Thursday was set as the time for him to plead. Natalie Bertelli, held to answer by Justice of the Peace Ellis Johnson of Daly City for an offense against a young girl, also appeared and his trial was set for March 28.

MOOSEHEART PLAN WILL BE ADOPTED

MUNICIPAL COMMITTEE TO SECURE DATA FOR BOYS' TRAINING SCHOOL.

The training school for boys, to be established in the abandoned war-time barracks at Toledo University, will be patterned after the industrial department of the great educational system at Mooseheart, Ill.

A committee from the city hall expects to go to Mooseheart this week to study conditions there with the view of establishing the Toledo University school at the earliest possible time.

It will be necessary for the city to provide funds for the equipment of the barracks, which were abandoned soon after the armistice was signed. This will be in keeping with plans announced some time ago by Mayor Schreiber.

The Loyal Order of Moose, which maintains Mooseheart, where the children of deceased members of the order are given a life training, is said to be the first to successfully conduct an industrial school which has for its purpose the adaptation of education to industrial needs.

Toledo Lodge No. 713, the members of which have become deeply interested in the plans for the city to establish a school for boys at Toledo University, has demonstrated its concern for future citizens and its loyalty to the cause of constructive advancement by offering to defray the expenses of a municipal committee to investigate Mooseheart.

On this committee will be Mayor Schreiber, Finance Director James Martin, Welfare Director C. M. Benedict and a member of the city council to be chosen.

Governor Arthur Capper of Kansas, in endorsing the Mooseheart system, is quoted as saying the sooner tools are placed in the hands of children to be used in creative work, the sooner children will develop into self-reliant characters.

Industrial courses are a feature of the Mooseheart vocational system. One of the largest buildings in the institution is devoted to classes in painting, machine shop, carpenter work, mill work, drafting and electrical laboratories.

Other branches of the system include art stone and concrete furniture, art or trim stone, garden furniture and cement making.

In addition, children are given horticulture, agriculture, printing, plumbing, commercial, garage and pre-electrical courses.
